

CHEHALIS VALLEY AMATEUR RADIO SOCIETY

April, 1984

Net Schedule-----8 p.m.

April 1	146.46	Lenny KA7EOV
8	145.43/4.83	Larry KA7KTT
15	145.43/4.83	Doug KA7ODR
22	145.43/4.83	Diane KA7NZC
29	145.43/4.83	John WB7ATP

Anyone unable to be net control as scheduled must find his own replacement. Why not check in and be a part of the net. Lenny KA7EOV will be having emergency practice on April 1.

SWAP MEET

On March 31st in the warehouse at Fletchers we are holding a swap meet. There is no charge for tables or entrance. A donation of 10% of sales goes to the club. Location--223 n.w Chehalis, Chehalis, Wa.

EMERGENCY PREPARDNESS

Lenny KA7EOV, and Larry KA7KTT are the emergency coordinator and assistant coordinator for Lewis co. They attended the annual Department of Emergency Prepardness meeting for all of Washington. Discussion was about frequencies for emergency operation, activation of emergency teletype on bottom portion of 80 meter band, single tone access for repeaters in Washington, and table topic situation in May with a simulated emergency with amateur operators this summer. Next month Lenny KA7EOV will give us more information on all of this.

BUSY MEMBERS

13 people from our area attended the ham fair at the Puyallup Fair Grounds and had a very good time from what I hear.

Sandy W7DHz and Margerite were married this past month and will make their home in Toledo. We are all happy for that.

Max W7GKY and Gertrude recently spent 2 months in Hawaii.

Everyone was glad to hear that Duke WB7TQD has been feeling better. He was at the last breakfast.

Grant KD7AB wishes to thank the members for the Get well card his mother received while she was in the hospital. She recently moved from the hospital to the Peter Pan Nursing Home.

Aleta says Lenny KA7EOV got rid of his chickens because he was tired of their fowl talk. His chickens are laying a record number of eggs for me. I thank him for keeping them over the hard winter.

Larry KA7KTT
